

The Calumet Region Photo Club will host its Third Annual Photography Clinic on Saturday, January 28, 2012 at the Center for Performing Arts, 1040 Ridge Road, Munster, IN 46321. Please promote this activity and I hope that you can make it - it will be an awesome clinic.

For a registration fee of \$55.00, you can enhance your photographic skills from a trio of experienced photographers. The keynote speaker is Mike Moats, an award winning professional Nature Photographer from Sterling Heights, Michigan who has been shooting professionally for over 10 years. Mike's specialty is macro photography.

He has been widely published in a variety of magazines including *Outdoor Photographer*, *Natures Best*, *PC Photo*, *Nature Photographer*, *Photolife*, *Whisper In The Woods*, *Michigan Game Finder*, and *Pure Michigan Book*. He has also written for Tamron's blog and in 2006 was asked to join the Fuji Pro Talent Team.

In 2009 he was added as a Macro Master on the Tamron Website. His first book was released in October 2008 and is called *Tiny Landscapes*. It is a how-to book for macro photography in nature. Mike is one of the few nature photographers whose business thrives in a niche market of macro photography. Mike's popularity and skill as an instructor is evident by the extensive number of workshops that he conducts each year on macro photography.

Two other photographers Jerry Hug and Al Alvis will share their knowledge and teach you techniques for capturing award winning photographs. Jerry Hug is a well-known photographer, lecturer, workshop presenter and award winning photographer from Des Plaines, Illinois. He is the immediate past president of the Chicago Area Camera Clubs Asso. And will be giving a presentation on "*The Best Camera is the One that is with you - Phonology.*"

AL Alvis from Mokena, Illinois will give also give a morning presentation on an area of his expertise "*Landscape Photography.*" Al is a member of many Chicagoland camera clubs and has presented throughout the area and shared his extensive photographic knowledge.

We are very fortunate to have such a trio of skilled photographer as presenters at the Third Annual Photography Clinic. For additional information, contact Michael Kobe - 219-924-7890 or mlkobe@sbcglobal.net. Hope to see you at the Clinic
